N 55/2E

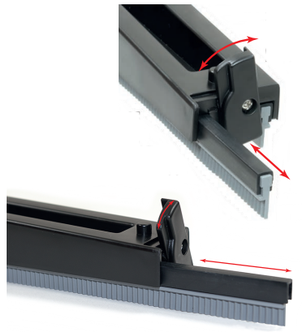
Wet and dry vacuum cleaner, 2 individually adjustable turbines, 55 litres container volume.

Suggested Use
High-performance vacuum for maintenance, facilities services and the food service industry.

Especially robust stainless steel wet and dry vacuum cleaner for heavy daily use. Through the use of the fine dust filter cartridge, the fleece filter basket, and the included wet- and dry-surface accessories nozzles, an impressive area output is reached.
With two individually adjustable turbines and their large power reserves, the vacuum is capable of the appropriate suction power for every situation. The convenient container tilting function enables fast and handy emptying. The sturdy chassis with metal casters and large rubber-coated wheels ensures problem-free working, even on sensitive surfaces.
Also available is an optional 650 mm gangway nozzle for wet surfaces, which can be mounted on the undercarriage of the N 55/2 E and operated from the backside of the device.

TECHNICAL DATA	
Voltage	220-240 V / 50 Hz
Max. power	2400 W
Number of turbines	2
Max. suction	210 mbar
Volume flow rate	2 x 54 litres / Sec.
Container material	stainless steel
Container volume	55 litres (gross)
Length of power cord	15 m
Length of hose	3 m
Diameter of hose	38 mm
Diameter of tubes	38 mm
Weight	21,0 kg
Dimensions (L x W x H)	47 x 54 x 90 cm

Features
- 2 individually adjustable turbines
- 15 m power cord for efficient work
- Robust undercarriage, stable swivel casters, rubber-coated wheels
- Container tilting function



Easy, tool-free change of rubber lips.
Item no. 102.126

Sturdy frame with accessories slots and vacuum tube parking position.

Accessories:
3 m oil-resistant antistatic suction hose. Item no. 102.116
The hose is electrically conductive and ensures optimum discharge of any electric charge via the grounded body.

Standard kit: tilting function allows an ergonomic emptying.

Accessories:
The 650 mm Gangway nozzle can be easily operated with the foot pedal on the backside of the vacuum.
